

Explanatory Notes

Explanatory Notes to the Agenda of the Annual General Meeting ("**AGM**") of Constellium N.V. (the "**Company**") to be held at the offices of Stibbe, Beethovenplein 10, 1077 WM Amsterdam, the Netherlands on Thursday June 27, 2019 at 17:00 CET (11:00 AM EDT).

AGENDA ITEM 1

Opening Remarks

Opening remarks by the Chairman of the AGM.

AGENDA ITEM 2

Conversion of the Company into a European Company (*Societas Europaea* - SE) – voting item

It is proposed to convert the Company into a European public limited-liability company (*societas Europaea* - SE) with its seat and headquarter in the Netherlands (the "**Conversion**").

The Conversion is the first part of a two-step plan to move the Company's corporate seat from the Netherlands to France. It is envisaged that after the Conversion becomes effective, the Company will migrate to France by way of transfer of its corporate seat/registered office and headquarter (the "**Transfer of Corporate Seat**"). Together, we refer to the Conversion and the Transfer of Corporate Seat as the "**Transaction**".

The Conversion will be effected in accordance with the provisions of Section 2(4) and Section 37 of Council Regulation (EC) No. 2157/2001 on the Statute for a European company of 8 October 2001 (*Verordening (EG) Nr. 2157/2001 betreffende het statuut van de Europese vennootschap*) (the "**SE Regulation**") and Section 10 of the Dutch Implementation Act (*Uitvoeringswet verordening Europese vennootschap*).

We recommend that the General Meeting resolves to convert the Company to a European public limited liability Company to be named Constellium SE, and resolves to certain amendments to the Articles of Association of the Company, all relating to such conversion.

Until the Transfer of Corporate Seat becomes effective, Constellium SE will continue to have its corporate seat in Amsterdam and its headquarter in the Netherlands. The Constellium shares will remain listed on the New York Stock Exchange without any change.

The Board believes that the Transaction is the best course of action for the Company at this time, for several important reasons:

- eliminates costs of Dutch corporate structure, and leverages existing corporate resources in France, such as finance, legal and tax departments resulting in expected annual savings of up to EUR 2 million; and
- enhances the tax profile of the Company by facilitating tax-efficiency of corporate expenses, streamlining and aligning the Company group's structure and substance and improving application of tax treaties, resulting in expected annual tax savings of up to EUR 5 million.

The Conversion would entail a technical change of the legal form of the Company and will not materially affect the current rights of its shareholders. Furthermore, the governance, operations and organisation as well as the shareholding structure of the Company will remain in place as they currently exist following the Conversion.

Upon the Conversion, the current European Works Council will be replaced by the SE Works Council as agreed with the special negotiating body ("**SNB**") composed of employee representatives from the relevant Member States of the European Economic Area and set up for the purpose of the Conversion. The scope and terms of required employee information and consultation rights of the SE Works Council will not be fundamentally different from the current European Works Council Agreement.

The Board Proposal and the Board Report relating to the Conversion, can be found on the Company's website (www.constellium.com) and are available at the Company's offices.

Voting requirement: The General Meeting may adopt this resolution by a majority of the votes cast. However, if less than 50% of our issued share capital is represented, the General Meeting may only adopt this resolution by a majority of at least two-thirds of the votes cast.

AGENDA ITEM 3

Amendments to the Company's Articles of Association – voting item

In connection with the Conversion, the Board proposes to amend the articles of association. The amendment of the Company's articles of association is required to reflect the Company's new legal form to meet the requirements from the SE Regulation and Dutch corporate law and has no consequences for the Company's shareholders.

The existing text of the articles of association with the proposed amendments is posted on the Company's website (www.constellium.com), and is available for inspection at the offices of the Company together with all other AGM materials.

The resolution to amend the articles of association also includes the authorization of each member of the Board of the Company as well as any and all civil-law notaries, prospective civil-law notaries and paralegals practicing with Stibbe in Amsterdam to execute the notarial deed of amendment to the articles of association and to undertake all other activities the authorized person deems necessary or useful in connection with the amendment to the articles of association.

Voting requirement: The General Meeting may adopt this resolution by a majority of the votes cast without a quorum being required.

AGENDA ITEM 4

Discussion of the Annual Report 2018

Mr. Jean-Marc Germain, Chief Executive Officer of the Company, will discuss the report of the Board (*bestuursverslag*) for the financial year 2018 and the results.

AGENDA ITEM 5

Corporate Governance Structure and compliance with the Corporate Governance Code

In accordance with the Dutch Corporate Governance Code (the "**Code**"), the most important elements of Constellium's corporate governance structure and compliance with the Code in 2018 will be discussed and

accounted for at the AGM. Further information can be found on pages 21-40 of the 2018 Annual Report.

AGENDA ITEM 6

Remuneration

(i) Discussion of 2018 remuneration

Pursuant to Section 2:135 paragraph 5a of the Dutch Civil Code, this agenda item provides for a discussion on the implementation of the remuneration policy for the Board in 2018.

Furthermore, the Dutch Civil Code requires that the statements in the explanatory notes to the annual accounts (pursuant to Articles 2:383c through e) regarding the remuneration of the members of the Board and employees of the Company shall be included as a separate item on the agenda for the General Meeting and be discussed before the proposal to adopt the Annual Accounts 2018. For purposes of such discussion, reference is made to the relevant sections of the Annual Report 2018.

(ii) Remuneration of Non-Executive Board Members– voting item

Upon recommendation of the Remuneration Committee, and following the review of an independent compensation consultant, the Board requests to revise the remuneration package of the Non-Executive Board Members as indicated below. The most important changes are that i) meeting attendance fees will no longer be paid to the Non-Executive Board Members, ii) Committee membership fees will be implemented, iii) Committee Chair fees will follow a formulaic approach (of 2X the Committee membership fee), and iv) annual equity-based compensation will be increased. The Remuneration Committee and the Board believe that these changes, as detailed below, are necessary to simplify the remuneration package to our Non-Executive Board Members and make it more competitive and better aligned with the market.

Separately, the Company has established internal share ownership guidelines to better align with the interests of shareholders. Under these guidelines, the Chairman of the Board is to hold a fixed value of USD 500,000 in Constellium shares after 5 years and, generally, other Non-Executive Board Members will be required to hold a fixed value of USD 250,000 in Constellium shares after 5 years.

Proposed Revised Remuneration Package:

- annual RSU equity grants of USD 95,000 for the Chairman of the Board
- annual RSU equity grants of USD 75,000 for the other Non-Executive Board Members

In April 2019, the RSUs granted to the Non-Executive Board Members were at the current level (USD 50,000 for the Chairman and USD 40,000 for the other Non-Executive Board Members). The Board proposes a subsequent grant in respect of the difference (USD 45,000 for the Chairman and USD 35,000 for the other Non-Executive Board Members) to be made in the third quarter of 2019. At last year's Annual General Meeting, the General Meeting authorized the Board to repurchase shares in the capital of the Company until November 24, 2019.

The Board proposes to extend the authorization to the Board to resolve, as the corporate body authorized, to repurchase shares, on the New York Stock Exchange or otherwise for a period of 18 months as from the date of this AGM (until December 27, 2020), up to a maximum of 10% of the issued share capital, provided that the Company (and one or more of its subsidiaries), following that repurchase, will not hold more shares in treasury than at maximum 10% of the issued capital in aggregate.

The repurchase may be effected at a price of at least EUR 0.02 and a maximum of 110% of the stock exchange price. Stock exchange price means: the average of the highest quoted price for each share on the five consecutive trading days immediately preceding the date of repurchase, according to the Official Price List of the New York Stock Exchange.

This price range enables the Company to adequately repurchase its own shares, also in volatile market conditions.
